

LARGE

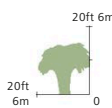

SUMMER

YELLOW

***Genista pilosa* 'Procumbens'**

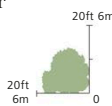

Vigorous, deciduous, arching shrub with narrowly oblong, gray-green leaves. Racemes of fragrant, pealike, golden-yellow flowers are produced in early to mid-summer.

☀️ ⚡ Z9-11

***Cotinus coggygia* GOLDEN SPIRIT ('Aucot')** (Golden smokebush)

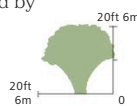

Deciduous, bushy shrub grown for its rounded, golden-yellow leaves, which turn orange in fall. In summer, tiny, fluffy, plumelike, gray flower clusters, on fine stalks, are borne above the leaves.

☀️ ⚡ Z5-9

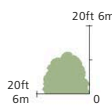

Elaeagnus angustifolia (Russian olive)
Deciduous, bushy shrub or spreading, small tree. Has narrow, silvery-gray leaves and small, fragrant, creamy-yellow flowers, with spreading lobes, in early summer, followed by small, oval, yellow fruits.

☀️ ⚡ Z2-8

***Genista cinerea***

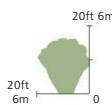

Deciduous, arching shrub that produces an abundance of fragrant, pealike, yellow blooms from early to mid-summer. Has silky, young shoots and narrow, gray-green leaves.

☀️ ⚡ Z7-9

***Agropyctisus battandieri***

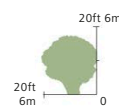

(Moroccan broom, pineapple broom)
Semievergreen, open shrub. Leaves have 3 silver-gray leaflets. Pineapple-scented, yellow flowers appear in summer.

☀️ ⚡ Z7-9 ⚠️

***Buddleja globosa***

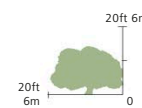

Deciduous or semievergreen, open shrub with dark green foliage. Dense, rounded clusters of orange-yellow flowers are carried in early summer.

☀️ ⚡ Z7-9

***Caesalpinia gilliesii***

Deciduous, open shrub or small tree. Has finely divided, dark green leaves and bears short racemes of yellow flowers with long, red stamens from mid- to late summer.

☀️ ⚡ Z8-11

***Paliurus spina-christi***

(Christ's thorn, Jerusalem thorn)
Deciduous, bushy shrub with slender, thorny shoots. Has ovate, glossy, bright green leaves, tiny, yellow flowers in summer, and curious, woody, winged fruits in fall.

☀️ ⚡ Z7-9
