

YELLOW

Callistemon pallidus

Evergreen, arching shrub. Gray-green foliage is pink-tinged when young and in early summer is covered with dense spikes of creamy-yellow flowers that resemble bottlebrushes.

☀️ ♂ Z10-11

Bupleurum fruticosum
(Shrubby hare's ear)

Evergreen, bushy shrub with slender shoots. From midsummer to early fall, rounded heads of small, yellow flowers are borne amid glossy, dark bluish-green foliage.

☀️ ♂ Z7-11

Sambucus racemosa 'Plumosa Aurea'

Slow-growing, deciduous, bushy shrub with leaves made up of 5 ovate leaflets, each deeply cut. Leaves are bronze when young, maturing to golden-yellow in early summer. Star-shaped, yellow flowers in spring are followed by scarlet fruits.

☀️ ♂ Z3-7

Jasminum humile (Yellow jasmine)

Evergreen, bushy shrub that bears bright yellow flowers on long, slender, green shoots from early spring to late fall. Leaves, with 5 or 7 leaflets, are bright green.

☀️ ♂ Z7-9

Elaeagnus x submacrophylla
'Limelight'

Evergreen, bushy, dense shrub with glossy, dark green leaves, silver beneath, centrally marked yellow and pale green. Bears small, fragrant, white flowers in fall.

☀️ ♂ Z7-11

Colutea arborescens (Bladder senna)

Fast-growing, deciduous, open shrub. Has pale green leaves with many leaflets, pealike, yellow flowers throughout summer, and bladderlike seed pods in late summer and fall.

☀️ ♂ Z6-8 ⚠️
