

MEDIUM

SUMMER

WHITE

***Triteleia hyacinthina***

Late spring- to early summer-flowering corm with long, narrow, semierect or spreading, basal leaves. Heads of white, sometimes purple-tinged, flowers are borne on wiry stems. **H** 12–20in (30–45cm), **S** 3–4in (8–10cm).

☀️ ⚡️ Z7–13

***Ornithogalum narbonense***

Clump-forming, late spring- to summer-flowering bulb with long, narrow, semierect, basal, gray-green leaves. Leafless stem produces a spike of star-shaped, white flowers, $\frac{3}{4}$ in (2cm) across. **H** 12–16in (30–40cm), **S** 4–6in (10–15cm).

☀️ ⚡️ Z7–10 ⓘ

***Pancratium illyricum***

Bulb with strap-shaped, semierect, basal, grayish-green leaves. Leafless stem bears 5–12 fragrant, 6-petaled, white flowers, 3in (8cm) across in summer. **H** 1½ft (45cm), **S** 10–12in (25–30cm).

☀️ ⚡️ Z8–11

***Zantedeschia aethiopica***
'Green Goddess'

Robust, summer-flowering tuber with arrow-shaped, semierect, basal, green leaves. Bears several green spathes, each with a large, central, green-splashed, white area. **H** 18–39in (45cm–1m), **S** 1½–2ft (45–60cm).

☀️ ⚡️ Z8–10 ⓘ

***Ismene narcissiflora***
(Peruvian daffodil)

Spring- or summer-flowering bulb with semierect, basal leaves, dying down in winter. Bears a loose head of 2–5 fragrant, white flowers. **H** to 2ft (60cm), **S** 1–1½ft (30–45cm). Min. 41°F (5°C).

☀️ ⚡️ Z8–11

***Arisaema sikokianum***

Early summer-flowering tuber with erect leaves divided into 3–5 leaflets. Produces deep brownish-purple and white spathes, 6in (15cm) long, with clublike, white spadices protruding from the mouths. **H** 12–20in (30–50cm), **S** 1–1½ft (30–45cm).

☀️ ⚡️ Z4–9 ⓘ

***Ornithogalum thyrsoides***
(Chincherinchee)

Summer-flowering bulb with strap-shaped, semierect, basal leaves. Bears a dense, conical spike of cup-shaped, white flowers, $\frac{3}{4}$ –1¼in (2–3cm) across. **H** 1–1½ft (30–45cm), **S** 4–6in (10–15cm).

☀️ ⚡️ Z7–10 ⓘ

***Habenaria radiata***

Evergreen–deciduous, terrestrial orchid with fleshy tubers and linear, gray-green, basal leaves. In midsummer, each slender flower stem bears 2 or 3 white flowers that resemble egret birds in flight. **H** 1ft (30cm), **S** 4in (10cm).

☀️ 💧 Z5–10
