

***Columnea microphylla* 'Variegata'**
Evergreen, trailing perennial. Produces rounded leaves, narrowly bordered with cream, and tubular, hooded, scarlet flowers, with yellow throats, in winter-spring. **H** 3ft (1m) or more, **S** indefinite. Min. 59°F (15°C).

☀️ 💧 Z11-12

***Maranta leuconeura* 'Erythroneura'** (Herringbone plant)
Evergreen perennial. Oblong leaves have veins marked red, with paler yellowish-green midribs, and are upright at night, flat by day. **H** and **S** to 1ft (30cm). Min. 59°F (15°C).

☀️ 💧 Z11-12

Goeppertia zebrina (Zebra plant)
Robust, evergreen, clump-forming perennial with long-stalked, velvety, dark green leaves, to 60cm (2ft) long (less if pot-grown), with paler veins, margins, and midribs. Bears short spikes of white to pale purple flowers. **H** and **S** to 3ft (1m). Min. 59°F (15°C).

☀️ 💧 Z11

***Sansevieria trifasciata* 'Hahnii'**
Evergreen, stemless perennial with a rosette of about 5 stiff, erect, broadly lance-shaped and pointed leaves, banded horizontally with pale green or white. Occasionally bears small, pale green flowers. **H** 6-12in (15-30cm), **S** 4in (10cm). Min. 55°F (13°C).

☀️ 💧 Z14-15

Goeppertia makoyana (Peacock plant)
Evergreen, clump-forming perennial. Horizontal leaves, 1ft (30cm) long, are dark and light green above, reddish-purple below. Bears short spikes of white flowers intermittently. **H** to 2ft (60cm), **S** to 4ft (1.2m). Min. 59°F (15°C).

☀️ 💧 Z11-12

Aglaonema pictum
Evergreen, erect, tufted perennial. Oval leaves, to 6in (15cm) long, are irregularly marked with grayish-white or gray-green. Bears creamy-white spathes in summer. **H** and **S** to 2ft (60cm). Min. 55°F (13°C).

☀️ 💧 Z10-12

***Aglaonema* 'Silver King'**
Evergreen, erect, tufted perennial. Broadly lance-shaped, mid-green leaves, to 1ft (30cm) long, are marked with dark and light green. Produces greenish-white spathes in summer. **H** and **S** to 1½ft (45cm). Min. 55°F (13°C).

☀️ 💧 Z11

***Maranta leuconeura* 'Kerchoveana'** (Rabbit tracks)
Evergreen perennial that intermittently bears white to mauve flowers. Oblong leaves with dark brown blotches become greener with age and are upright at night, flat by day. **H** and **S** to 1ft (30cm). Min. 59°F (15°C).
