

## Pronouns

A **pronoun** is used instead of a noun.

*The girl picked up the apple and **she** ate **it**.*

*She* replaces *the girl* and *it* replaces *the apple*.

We often use pronouns so that we don't repeat the same word too many times.

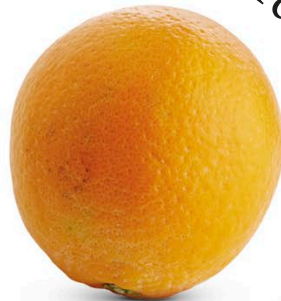

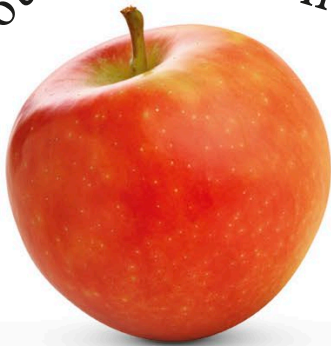

## Conjunctions

**Conjunctions** are used to join together different parts of a sentence. **And**, **but**, **or**, and **because** are conjunctions.

*The teacher was angry **because** I was late.*

You can have an apple **or** an orange.

Cheetahs are big **and** they're fast.

The water was cold, **but** he still went swimming!
