

a Time

b Telling the time

c We measure time in hours, minutes, and seconds. Most traditional clocks have two hands to tell us the time. The short hand tells us the hours; the long hand tells us the minutes.

f 24-hour clock

g Digital clocks tell us the time in numbers. Because there are 24 hours in the day, digital clocks can tell us whether the time is in the morning or in the afternoon.

There are 60 minutes in one hour.

There are five minutes between each number on a clockface.

00:00 is midnight

03:00 is 3 o'clock in the morning
