

weird or what?

In the Bible, Ezekiel seems to describe the appearance of a UFO – at least, some people think so. He told of a fiery, wheeled object in the sky that shot lightning bolts.

Artists have often drawn space ships as oval metal discs.

Waiting for an answer

This famous image, below, has still not been explained, although some suggest it may be the mirror from a truck. It was taken by a farmer in Oregon in 1950.

Is this a truck's wing mirror, or something more mysterious?

... or not?

Road sign in Roswell, USA – the scene of spaceship investigations in the 1940s.

What was Roswell?

People claimed the debris found at Roswell was of a spacecraft that crashed. Early newspaper reports called it a “flying disc”.

However, the military said it was a top secret weather balloon.

Crash debris is investigated at Roswell in the 1940s.

An alien spacecraft?

Roswell resulted in a number of books, films, stories, and general speculation. However, most people now believe that it was a weather balloon.

An Air Force Weather Balloon in 1995, eight years after Roswell
