Europe

Pizza

This famous flatbread baked with tomato, mozzarella cheese, and other savory toppings originated in Naples in the 18th century.

Ruins of Pompeii

In 79 CE, the volcano of Vesuvius, near modern-day Naples, erupted, covering the city of Pompeii in ash. A visit to the site today is like traveling back to ancient Rome.

The Colosseum

The largest amphitheater in the Roman Empire was the Colosseum. This dramatic location for bloody battles between gladiators still stands today in Rome.

Italy's second-largest city, **Milan** is a center of fashion, design, and industry.
