

North America

United States of America

Grizzly bear
The northwestern part of the US is known for wild populations of grizzly bears. They hunt salmon that are swimming upriver.

Hawaii

Located in the Pacific Ocean, the state of Hawaii is made up of 137 volcanic islands.

Ukulele

This stringed instrument from Hawaii can play many styles of music, including jazz.

Exploring space

The American company SpaceX has designed reusable rockets that make sending cargo and people into space more affordable. The Falcon 9 rocket launched astronauts voyaging to the International Space Station (ISS) in 2020.

Football

Played since the 1880s, this fast-paced team game is now the most popular sport in the country.

Iconic landmark

This famous sign overlooks Hollywood, the neighborhood in Los Angeles that is the center of the American film industry.

The **United States of America**, or **US**, stretches between the east and west coasts of the North American continent. Its **50 states** have a diverse range of **peoples, landscapes, and cultures**. The nation's **entertainment industry** and the **technology sector's** innovative products are popular around the world.
