

Alaska

The largest state in the US is separated from the rest of the country by Canada.

Mount Rushmore National Memorial

Carved into a rock face in Keystone, South Dakota, this national landmark shows the faces of four former presidents who made history.

The statue is made of copper.

Statue of Liberty

This 305 ft (93 m) tall statue in New York Harbor celebrates freedom in the US. It was a gift from France.

Representing the people

The US is a nation with great diversity. In 2019, Native American Sharice Davids was elected to represent Kansas in Congress, breaking new ground for women of diverse backgrounds in American politics.

Mardi Gras

The Mardi Gras in New Orleans, the biggest carnival in the US, features colorful floats and parades.

New York City

This famous city is made up of islands. Manhattan is its cultural center, home to famous sites such as Times Square, Central Park, and the Empire State Building.
