

Zambia

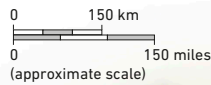

Rally racing

The Zambia International Motor Rally is a high-speed racing event that takes place every year. The tough course starts in Lusaka and heads north into the desert.

Bat migration

Toward the end of each year, more than 10 million fruit bats descend on Kasanka National Park in northern Zambia. They migrate from forests in the Democratic Republic of Congo to feast on the park's plentiful fruit trees.

Batonga baskets

The Batonga people live in farming villages around Lake Kariba. Women weave traditional baskets from palm leaves.

Palm leaves are boiled to make them soft for weaving.

Circus Zambia

Founded to support vulnerable young people in Lusaka, this group teaches life skills as well as circus tricks and provides funding for education.

Zambezi River

This major river starts in Zambia and passes through six countries on its way to the Indian Ocean. Measuring 1,600 miles (2,574 km), it is the fourth-longest river in Africa.

- 290,587 sq miles (752,618 sq km)
- 17.4 million
- Lusaka
- Bemba, Tonga, other languages (+5)

This **rugged country** in southern Africa has **20 national parks** and large areas of **protected forest**, which provide a haven for its abundant wildlife. Zambia is named after its **largest river**, the **Zambezi**.
