

A control pad for a games console

Computer games

You play computer games on a games console attached to a television, on a hand-held console, or on a personal computer. What is your favourite computer game?

A small, motorized toy model boat

Toys and games

Children play with toys such as dolls, construction sets, and model vehicles. A game is often played against one or more opponents – and can be challenging, as well as fun.

You play chess with pieces on a board.

Doll

Playing cards

Individual sports

In these sports, people play on their own against an opponent.

Tennis: players hit a ball with rackets. They must keep the ball in the court.

Swimming: swimmers race each other up and down a pool.

Golf: players hit a ball around a course, using as few shots as they can.

Running: runners race against each other on a track or on roads.

Table tennis: players hit a ball with small bats. The game is played on a table.

Going to the movies

When new films are made, they are first shown on large screens at cinemas. Today, many films are made using animation and special effects.
