

The Romans

Ancient Rome began as a group of small villages along the River Tiber in Italy. It soon grew into a great and powerful city that ruled a mighty empire.

The Forum

The city of Rome

The city of Rome is still a busy place, just as it was in ancient times. If you visit Rome today, you can see the ruins of the Forum, the Colosseum, and many other splendid Roman buildings.

Gladiators

The Colosseum was a huge building in Rome where people went to watch wild beast shows and gladiator fights. Gladiators often fought to the death.

Gladiators were armed with nets and spears, or small shields and swords.

50,000 people could sit and watch the fights in the arena.

Lions and other wild animals were killed during the shows.
